

Doctoral Thesis

Name	Title	Date
S.O. Alekseev (SAI)	«Impact of the second order correction over curvature on the theory of gravitation and possibility of their experimental verification»	03.06.2009
E.T. Ahmedov (ITEP)	«Brane quantization and geometrization of the field theory geometrization»	03.06.2009
A.P. Bakulev (BLTP, JINR)	«Hadronic observables in QCD: fractional analytical perturbation theory and nonlocal condensates»	24.12.2009
G.I. Kosenko (Omsk SU)	«Application of the multidimensional stochastic approach to description of the reactions with heavy ions»	23.12.2009
A.A. Osipov (DLNP, JINR)	«Multiquark interactions, methods of their bosonization and meson physics»	04.06.2009
A.V. Chizhov (BLTP, JINR)	«Quantum correlations of electromagnetic field in the dissipative media»	24.12.2009
M.V. Chizhov (Sofia U)	«Theory and phenomenology of chiral particles with spin 1»	04.06.2009
S.V. Mikhailov (BLTP, JINR)	«QCD description of exclusive processes with light mesons: perturbative and nonperturbative aspects»	29.09.2010
O.Y. Shevchenko (VBLHEP, JINR)	«Effects of nontrivial quantization conditions and polarization in deep inelastic scattering»	29.09.2010

Ph.D. Thesis

Name	Title	Date
G.S. Vartanov (JINR)	«Quantum field theories in higher dimensional space-time»	20.05.2009
S.Y. Grigor'iev (BLTP, JINR)	«Nonlocal correlation functions in the free fermion models»	23.12.2009
E.Y. Korzinin (VNIIM)	«Higher order polarization corrections in muon hydrogen and the light muonic atoms»	20.05.2009
K.S. Kuz'min (BLTP, JINR)	«Neutrino-nucleon scattering and polarization of charged leptons in the quasi-elastic scattering»	01.04.2009
A.F. Os'kin (Dubna U)	«Study of the integrable XXZ spin chains in the Hecke algebra approach»	24.06.2009
R.S. Pasechnik (JINR)	«Inclusive and diffractive processes in quantum chromodynamics: nonperturbative and elements of factorization and power corrections»	23.09.2009
R.R. Sadykov (DLNP, JINR)	«One-loop electro-weak corrections to the Drell-Yan processes and semi-leptonic decays of the top quark»	23.12.2009
M.A. Paucar (BLTP, JINR)	«Long-lived superpartners in the Minimal Supersymmetric Standard Model"»	17.03.2010
V.A. Kolesnikov (DLNP, JINR)	«One-loop QCD and electro-weak corrections to the four-fermion processes in the SANC facility"»	26.05.2010
A.A. Vladimirov (BLTP, JINR)	«Theory of magnetic excitations in the systems with strong electronic correlation»	30.09.2010
V.L. Katkov (BLTP, JINR)	«Theoretical study of the peculiarities of the autoelectronic emission off the carbon speck»	26.05.2010
E.P. Rogochaya (BLTP, JINR)	«Study of the nucleon-nucleon scattering in the Bethe-Salpeter approach with separable kernel»	30.09.2010
