

The JINR Prizes for the theoretical physics research

2009

First Prize

“Generalized Parton Distributions (Studies of Symmetry Properties of Generalized Parton Distributions and Amplitudes in the Processes with Large Momentum Transfer)”.

Authors: A. Radyushkin, O. Teryaev, I. Anikin, B. Pire.

Second Prize

“Unitarization at High Energies and Experiments at LHC”.

Authors: O. Selyugin, J.-R.Cudell, E. Predazzi.

2010

First Prize

“Integrable models of the non-equilibrium statistical mechanics”

Authors: A. Povolotsky, V. Priezzhev

Second Prize

“Investigation of the properties of the exotic hadrons”

Authors: N. Kochelev, H.-J. Lee, V. Vento
