

# **Malykh Anastasiya Vladimirovna**

## *Curriculum Vitae*

DATE AND PLACE OF BIRTH	16 may 1978, Saint-Petersburg, Russia.
EDUCATION	Physics department of Novgorod State University (1995–2001), diploma with distinction.  Graduate student NovSU, LNP JINR (2001–2004).
POSITION	Acting Junior Researcher, Few-Body System group, LTPh JINR (2004-2007)  Junior Researcher, Few-Body System group, LTPh JINR (26.04.2008-04.05.2010)  Researcher, Few-Body System group, LTPh JINR (05.05.2010-till now).
MASTER DIPLOMA	“Path integral formalism in continuous problems of statistical physics” (2001).
PHD THESIS	“Study of spectra, scattering and decay in three-body system with coulomb and contact interactions” (17.12.2008).
NUMBER OF PUBLICATIONS	14
SCIENTIFIC INTERESTS	Few-body systems at low energies including such issues as bound state energies, decay width and energies of long-living states, as well as characteristics of low-energy scattering (scattering length, coefficient of recombination) One of the goals: a study of few-body processes in quantum gases and nuclei.
