

SOCIAL PROGRAM 24.08.2017

Kutná Hora, the city of silver, is deservedly attributed the other name "national treasury". This is to say that its wealth helped to ensure the boom of the Czech Kingdom. The centre of the city was included in the UNESCO world heritage list in 1995 thanks to its historical importance and architectural gems. All of the streets, houses and churches exude a long history full of important events. The symbol of Kutná Hora is the unique late Gothic Cathedral of St. Barbara.
