

# Shlyk Ivan Ivanovich

## *Curriculum Vitae*

Date and Place

of Birth: February 15, 1982, Minsk, Belarus.

Education: Secondary school 1988 - 1999

Moscow Institute of  
Physics and Technology 1999 – 2005

Post-graduate course 2005 – 2008

BcS Diploma: “Evaluation of Kaon’s Green  
Function in pion medium using  
Chiral Perturbation Theory” 25 June, 2003

MS Diploma: “Development of a new method for  
solving the Schroedinger equation  
for three charged particles.” 15 June, 2005

My field of interest: few-body physics, mesons in the nuclear medium, the interaction of three charged particles.

Now I work as a scientific researcher in Bogolubov Laboratory of Theoretical Physics (BLTP) of Joint Institute for Nuclear Research (JINR) at Dubna.

16.01.2012 (Dubna)
